INTERSHIPS AND PROJECTS

Internships **MERN STACK Intern** (Duration 19th January 2026 - 19th April)

Completed a 3-month MERN Stack Development Internship at Sparks To Ideas, where I gained hands-on experience in full-stack web application development. During the internship, I worked with **MongoDB, Express.js, React.js, and Node.js** to develop responsive and dynamic web applications. I learned to create reusable React components, design user-friendly interfaces using HTML, CSS, Bootstrap, and JavaScript, and build RESTful APIs using Node.js and Express.js..

Projects **CABIQUE-cab booking system**(Duration January 2026 - April 2026)

Full-stack web-based cab booking and ride-sharing platform. It allows users to book rides from registered vendors, while vendors can list their vehicles, manage bookings, and track ride requests in real time multi- role authentication system for Customers, Vendors, and Admins, an OTP-based verification process for registration and ride confirmation, and secure online payments using Razorpay. The system supports three user roles—Customer, Vendor, and Administrator—each with its own dashboard and permissions managed through JWT- based authentication.

Technologies React.js, Node.js, Express.js, MongoDB, JWT, Razorpay, REST APIs,CSS,HTML.
